

PUP TENT HISTORY

Maeng Das - Pup Tent # 6 Thailand / Cambodia

Parent Organization: VFW Post 9951 *Updated on 27 June 2021*

Chartered: 1 September 1988

Affiliate Posts: VFW Posts 9876 Pattaya, 10217 Korat, 10249 Udorn,

Pup Tent 6 was originally called Taotaomonas and was in Guam when it merged with the Bull Conchs - Pup Tent 3. The number was subsequently reassigned to the new Pup Tent in Thailand

- Maeng Das - Pup Tent 6 was established in Bangkok, Thailand.
- The Supreme Commander was Robert (Boss) Cortright.
- All Posts, in Thailand are currently represented in the Pup Tent.
- The Pup Tent Scratches are held in conjunction with the District V meetings and rotate locations among the affiliate posts.

The name Maeng Das has two (2) meaning.

1. In the Thai language Maeng Das commonly refers to a pimp.
2. The Second meaning and preferred interpretation, (at least for most of our members) refers to a Rice Bug (Water Beetle) that is considered by the Thai's to be a delicacy.

Although Post 9951 is the birthplace for Maeng Das - Pup Tent # 6 the actual institution ceremony and installation of shavetails was held at T.J.'s Steak House in Udorn, Thailand. Tommy Thompson who was referred to by many as Mr. VFW along with Dick Vileo were the main cogs in the wheel and instrumental in establishing Pup Tent 6 as it is known today.

In 2000 VFW Post 11575 fell under the jurisdiction of District V and we added the fertile hunting grounds of Phnom Penh, Cambodia to our seams.

In 2010 VFW Post 12074 located in Chiang Mai, Thailand also came on board.

At our November scratch held in Udon we had a special request from the Bamboo School located near Kanchanaburi and we honored their request by providing them with \$350 to start a Mushroom Farm project. The school is located in Bong Ti on the Border of Myanmar and Thailand. The school informed PT6 that the Mushroom farm is doing well and soon the school will be able to sell their product and buy school supplies for the students.

Also at our November Scratch we provided a few supplies to the Udon Thani Home for Girls. Located @ 9 km South of Udorn on Hwy 2, it is currently home for approximately 400 orphans from 19 provinces in Northeastern Thailand. The children's ages range from infant to 18 years old.

Committee Reports:

Membership – CCDB Riggs briefed that he is awaiting the GPA to announce the numbers for this year to reach 100% and expects it to be 45 total Cooties for Pup Tent 6. Further lousiness was abound as Past Seamie Berg donated \$400 as a stipend of \$50 to each Cootie that would upgrade to Life, that is more boos than I can type.

Hospital Chairman – Cootie Manny reported that Pup Tent is behind the monthly average which is \$900 monthly, we are currently sitting at a \$200 average with a year-end goal of \$11,000, please make sure to get your reports into Cootie Manny

National Home: Past Seamie Berg was not available, it was reported that Cooties Riggs and Rositer joined the National Home

Seamie Coop presented a second to have all the Shavetails at today’s Scratch pay a 500 baht fine (using online transfer of fines), Sky Pilot Chappie made the motion, and Shavetails paid up upon the vote.

Good of the Scratch

Seamie parted with knowledge upon the new Cooties

Cooties as a reminder, I advise all Cooties to relook at the Secret Work of the Military Order of the Cootie (pages 24-25 of the Ritual) items like – Cooties writing to another Cootie (includes emails)

Begin with “Listen up Cootie” or to that effect and sign off “Yours In L.O.T.C.S” or L.O.T.C.S (Love of the Crummy Shirt”, the next line is your name followed by Cootie #___

The next scratch is scheduled for November location TBD, meeting ended

19 November 2021 Scratch was conducted in person and via Google Meet online

Randy Riggs –Commander Bangkok Post 9951

“Chappie” Chapman – Commander Korat Post 10217
Barry Larson – Inspector Grand of the Pacific Area

New **ATOM** Applicant – Roy Mark Post 12074

First and Second-Degree work initiated and completed on Atoms Kristine Gould and Roy Mark.

Minutes from the August 2021 scratch were approved as published on the MOC Webpage

CCDB Report was given by Cootie Riggs, seconded by Berg, motion by Manchester, approved

No Bills were pending

Cooties in Distress –

Seam Squirrel Cooperman #113 is in the Hospital after a broken leg and recovering from surgery to repair it with other issues to be handled at the hospital

Cootie Moshinsky #100 still requires round-the-clock assisted oxygen and is back in the hospital for his continued lung issues

Committee Reports –

Membership – CCDB Riggs briefed the updated MEMSTATS for the Pup Tent, we reached the lousy number of 45 total Cooties with the current addition of Cootie Mark. The Pup Tent has met its unrealistic goal upon the Grand Duffle accepting and acknowledging the proper duffle, for the term 2021/22. Our advanced math (more legs than this Cootie has) equals 100%. A round of boos was provided by all Cooties in attendance. “

Hospital Chairman – Cootie Manny reported that Pup Tent is behind the monthly average, which is \$900 monthly, we are currently sitting at a \$876 average with a year-end goal of \$11,500, please make sure to get your reports into Cootie Manny

National Home: Past Seamie Berg reported that he is working to request National Home to revise the Life Membership to include Cooties and recognize the Cooties in such.

Blood Chairman – No report

Death Report – Sadly Cootie George Mayo #118 passed away due to an illness he was fighting, his family and loved ones are in our prayers as they deal with their loss.

Rim Of Fire – Was posted on the MOC Website in Nov as well as the Supreme Cootie Courier, and the Supreme Cootie Tickle

The National Home was remembered

Unfinished Business

Blanket Bum reminded all Cooties in attendance that we had not yet approved the Pup Tent General Guidelines Policy and Procedures, CCBD Riggs made a second to table the revisions due to there are several corrections that need to be accomplished however they were not available at this meeting, a motion was made by Cootie Chapman, the revisions were tabled.

New Business

CCDB Riggs presented the budget as it was overlooked that the cost for CCBD Bonding was not approved in the previous budget. CCBD Riggs had received approval to pay for the bond for next year

from Seamy and the budget revision was read for all attending and submitted for review and signatures. CCBD Riggs seconded to accept the budget revision as presented, a motion was made by Cootie Berg. The vote was horrible.

Blanket Bum Ernie Mayeaux #111 elected himself out of the Blanket Bum position via email due to health reasons. Seamy has from his bed of white and in the prone position (like a cootie at play) exercised his finger pointing to H.G. Holzworth #112 in accordance with the Crummy By-Laws to assume the warm wet spot of the B.B. H.G. Holzworth reluctantly declined and crawled to the nest of the B.B.

As per the Supreme By-Law Section 307 & Grand of the Pacific area By-Laws Section 606, stating an open position “may be eligible” to fill the opening, the H.G. position will remain open and nomination to be made in the February Scratch. The H.G duties will be misdirected to the B.B. for the remaining term to allow Cooties to ponder who will have the misfortune of filling it at the next election in May 2022.

Good of the Scratch

Middle Bug Berg (Straight talk) commented on those failing to read the Rim of Fire and the information within it. He has placed for the past months a message that to date has not been answered. He has stated you need to read the ROF when it comes out, this is a source of valuable information as a Cootie and for the Pup Tents.

Cootie Berg also addressed the recent comments noted about Cooties on several Post Facebook and Web pages. When you comment about Cootie Posts on social media and Web pages (viewed by non-Cooties) you need to comment in straight talk. Saying something is Lousy on open net sights, many are not aware of our Cootie talk, and the wrong message is sent. Keep Cootie talk and our ritual shenanigans within the Cooties. Comment positively on social media.

Cootie Berg continued his march through the hunting grounds with further information for all Cooties, that a new Cootie’s membership application should not require a Post Vote for membership and his intention is to request Supreme to remove this requirement.

Cootie Borchers informed us he has posted new Supreme MOC By-Laws dated August 6, 2021, for downloading and use, he further commented that the Grand MOC By-Laws have not been updated since July 2010 or Posted on the Website and is asking Middle Bug Berg to provide a timeline when possible of the update release from Grand Pup Tent of the Pacific Areas. M.B. Berg will provide an answer to Cootie Borchers soonest.

CCBD Riggs; catching a ride on Cootie Borchers misinformation of the Lousy By-Laws the Pup tent needs to produce the useless information into birdcage liners. It was noted that no Cootie has the need for readable nesting materials and that the current print is too large for all Cooties to view clearly, the useless by-laws will be reduced printed and be presented in a smaller palm-sized booklet, this will allow for further disregard what Supreme has needlessly placed within the hunting grounds.

Middle Bug Berg presented his intent to nominate CCBD Riggs for the position of GMOC Little Bug for the Grand Pup Tent of the Pacific for the 2022-2023 term, and informed CCBD to prepare his paperwork for submittal. Congratulation CCDB Rigg on your pending nomination.

Last-minute Cootie fines were noted by the B.B. for payment to the CCDB and the newly initiated members received their instruction to collect their membership card and ensure the duffle was satisfied with pending fines.

The next scratch is scheduled for February 2022 location UdornThani, meeting ended.

18 February 2022 Scratch was conducted in-person and via Google meet online

Scratch was opened and presided over by Blank Bum Holzworth, due to Seam Squirrel Cooperman having a family emergency. How truly Lousy is it for our first in-person Scratch in over a year....

Recognition of Distinguished Cooties:

Bobby Rositer – Past Seam Squirrel

Randy Riggs – Commander Bangkok Post 9951

Manny Guarnuccio – Commander Pattaya Post 9876

“Chappie” Chapman – Past Commander Korat Post 10217

Completion of 3rd Degree initiation on Nits Kristine Gould and Roy Mark both Post 12074

Minutes from the November 2021 scratch were approved and final copy published on Web page

Reading of Communications: CCBD attempted to read an email from Tight Wad 2 Cootie #110 Ed Sostack, however, he was not able to navigate the written words from the scraps of paper provided to him, he managed to finally translate the scribble to inform the Pup Tent that Cootie #110 has resigned from the Tight Wad seat and will not be enjoying retirement and daily duties from his spousal unit. Cootie Sostack we wish you a crummy time and a very undeserved rest, you are truly Lousy!

CCBD Cootie Riggs read the report of receipts, disbursements, and balances after burning up his abacus and verifying his crummy report. CCBD Riggs made a second to accept the Duffel report as given, Cootie Hart made the motion, and the vote was unacceptably approved.

Bills read by CCBD Riggs donated an amount of \$115.00 for disapproval of funds that he provided a wild story of hunting & gathering Shag-bags and Cootie Pins. CCBD Riggs provide a second for nonpayment, and Cootie Hart offered the motion, after a round of boos the vote deplorably push through.

Cooties in Distress

Seam Squirrel Cooperman #113 still recovering slowly, he is now facing family health issues that are currently occurring.

Cootie Moshinsky #100 recovering but now has been informed he must undergo surgery to remove skin cancer from his face.

Committee Reports

Membership – CCBD Riggs briefed the updated MEMSTATS for our Pup Tent, we continue holding the lousy number of 45 total Cooties and forecasting adding one at the next meeting. The Pup Tent has met its unrealistic goal upon the Grand Duffel accepting and acknowledging the proper duffle, for the

term 2021-22. Our advanced math (more legs than this Cootie has) equals 100%. A round of boos was provided by all Cooties in attendance. “

Hospital Chairman – Cootie Manny reported that Pup Tent is progressing well in the monthly average, and we have reached \$8,977.01 and we are well on track to meet the year-end goal of \$11,500 before the cut-off, please make sure to get your reports into Cootie Manny by the 25th of each month.

National Home - No report

Blood Chairman – No report

Unfinished Business

Blanket Bum reminded all Cooties in attendance that we have not yet approved the Pup Tent General Guidelines Policy and Procedures, CCBD Riggs made a second to table the revisions to allow for an edited copy to be forwarded to all Cooties for final review before the next meeting in May, the motion was made by Cootie Chapman, the revisions were tabled.

New Business

CCBD Riggs requested the baht rate adjustment be made from 33THB - \$1 to 32THB - \$1 effective 1 April 2022, due to the reduction in the overall exchange rate and the forecast strengthening of the baht to the US Dollar. Cootie Riggs seconded the motion to change the exchange rates as stated, the motion was made by Cootie Manchester, and with great disgust, the vote passed.

Cootie Chapman discussed the possibility of moving away from Google Meet and switching to ZOOM for the Cooties Online meetings as there are many good features (ie, more time, more participants, better controls, etc.) The discussion was stopped and Cootie Chapman finally seconded the motion, and the motion provided by Cootie Riggs, as with all votes in the normal Cootie fashion this one too was disapproved, a round of boos quickly followed.

Good of the Scratch

CCBD Riggs informed the scratch that Past Seam Squirrel Rositer scorned from the 19 November Coin Fee-ass-coal (fiasco), released a 1000-baht donation for his voluntary wailing for proof of Cootie coins. Several boos were heard and the suggestion was to not repeat the misdirection again in this meeting.

Cootie Borchers began chewing on scraps of issues discussed an hour prior for his own entertainment... B.B. issued fines for the cud-chewing as well as for his impersonation of Sky Pilot by wearing a glowing pilot's headset (claims it was a gaming headset) during the entire meeting. Boos followed from all Cooties present.

Last-minute Cootie fines were noted by the B.B. for payment to the CCDB before crawling away from the scratch area.

Recommendation for the next Scratch ensure Cooties understand the verification process at a Scratch

Recognition of Distinguished Cooties:

Grand Commander (Big Bug) Fred Berg

Past SS Bobby Rositer

Past Supreme and Past Grand Commander James Malott was invited but technical difficulties did not decline well for his neglectfulness of the Pup Tent

Admin notes:

Seamy Riggs announced the use of a Cootie dollar for the collection of fines as a Cootie Dollar will equal 50 Baht.

It was noted that the SKYPILOT was still the current SUP but is attending via Zoom. However, his duties cannot be granted or conceded; so, he was fine for every bottle of milk used or initiated during the Scratch to be payable to the CCDB.

Applications submitted were read for **2 NITS** awaiting Atoms status: **Marcus Earp and William Stanley**. After a review of their credentials and positions within the Posts; both were accepted in standard Cootie fashion.

1st Degree work was initiated and was barbarous for these Atoms less Degree work will be plunged upon him at a later Scratch to bring our Nits to the fertile hunting grounds of the Pup Tent.

Reading of previous Minutes from May 2022 Scratch was submitted for review by past SS Cooperman, a second by Seamy, and a motion by GRAND CDR (Fred Berg) was made to accept the Minutes, and in typical Cootie fashion, the second motion passed.

No formal Communications were found, however, there was a COIN CHALLENGE FROM PAST SS Rositer during the Scratch; as everyone produced a coin for the challenge. Past SS Rositer will pay the fine or drinks at the next Scratch. He elected to pay the fine

The motion received a lousy round of boos in typical Cootie fashion. The audit was conducted and filed for the use of any local bird cages.

Outstanding Bills: There are 2 bills for Cootie Gear of 2000 baht (Shags) and 7500 pesos (Shag bags and tassels) for Cootie Gear. CCDB Guarnuccio accepted the Audit (previously signed) with a motion by Cootie GRAND CDR (Fred Berg). The Second was Tabled until the Pup Tent Budget for 2022-2023 is approved.

Pup Tent Budget: The Budget for the ensuing term was written with crayons and calculated with an old abacus by CCDB Guarnuccio. A second was made by CCDB Guarnuccio to accept the Budget as read and motioned by Cootie Tight Wad Roy Mark, the motion in typical Cootie fashion was passed.
